

Durex Products polyurethane hopper liners w/sliding additive

1/2 the cost of a new hopper with 3 times the life

- Longer lasting—3/8" thick, using the same polyurethane that is used in central mix drums
- Faster loading—sliding additive to increase load speed
- Easy to install—weld plates for easy installation

Offering liners for the following makes (with more to come)

Advance	Housby
Oshkosh	MTM
Continental	Kimble
Schwing
